- Journal of Property Investment and Finance
- Managerial Auditing Journal
- Managerial Finance

Emerald Management Reviews database

Emerald Management Reviews gives access to independent reviews of the world's best management articles, taking much of the effort out of research. This database reviews and assesses every single article from the world's most prominent management titles. Dating back to 1988, the database contains over 170,000 independent reviews of articles from the world's 400 leading management publications, with 1,500 new reviews added each month.

All major management disciplines are covered, from marketing and logistics, to strategy, human resource management, accounting and finance, hospitality and tourism, healthcare, operations management, production and information management.

Ashridge Virtual Learning Resource Centre database

Ashridge is one of the UK's leading international business schools and its Virtual Learning Resource Centre (VLRC) gives access to a range of learning materials including 54 learning guides covering a range of different business and management skills and competencies. There are also regular book summaries, evaluated links to hundreds of recommended websites, features on the trends in particular industries (**including one on accountancy**) and reviews of training materials, all aimed at keeping managers up to date with the latest management thinking. The VLRC is used as an integral part of Ashridge's management programmes but can also be used independently.

The Resources section of VLRC incorporates a range of Ashridge resources including: career material, country and industry reports, in-house academic publications and a link to a full-text article database containing 200 top business and management journals, summaries and reports from the Ashridge Centre for Business and Society. There are also computer software guides on Microsoft Word, Excel and PowerPoint.

Click on 'Learning Resources' on the left of the first Ashridge page, then 'VLRC', then 'VLRC members login' and enter the Ashridge password given on the British Council e-library page. Browse through any of the sub-sections offered such as Learning Guides, Resources, Reviews and useful web sites, or search with your own keywords in the search option.
